2. If all  
 3. Would that  
 4. Yes

Pleased beyond  
 what this hurried heart can bear  
 How those tolling bells of love  
 sound sweetly in my ear

If all possessions given up  
 made this day last a year  
 given gladly they would be  
 without the slightest fear

Would that enmities  
 in clouds of vapor disappeared  
 and longer lines of people formed -  
 softspoken and sincere

Yes only Glad should walk the earth  
 and Sad be banned from here  
 For I have found the highest truth:  
 I hold my love so dear
