go and sing with all your might go and sing

O-oh, my voice is carried
 All across the land
 I sing my gladness out
 I am a happy man
 And I sing
 Just to be with you
 I sing
 To make you happy too

Devils dancing all night long
 Devils dancing to this song
 Let's go out into the night
 Go and sing with all your might
 Go and sing

You and I belong
 In this place of constant joy
 We are saints and angels tonight
 So please - Enjoy!
 And we sing
 Just to feel like this
 We sing
 To see what we won't miss

Devils dancing all night long
 Devils dancing to this song
 Let's go out into the night
 Go and sing with all your might
 Go and sing
